

Small Craft Listing

The following Small Craft List was compiled by Robert Eaglestone for the Citizens of the Imperium Forum. I use it here as a convenient listing to link all the small craft that I modeled (and will model) together. I might rip the List apart to have only a craft index here in the future and place the lines for each craft inside the corresponding craft's article post. However I just got permission to leave it here as it is, and I think it's very convenient like this.

All craft were designed by Robert Eaglestone („robject“ on CotI) solely using Traveller5's Adventure-Class Ships design system, with no modifications. Direct link to the original post with the file: Traveller 5 Small Craft List.pdf (CotI Login required).
