Traveller 5

Finally the day arrived and today local customs (an about 60 km car drive away) handed over my gift from Marc Miller's tremendous Traveller 5 Kickstarter Project.

My package contained:

- Two 25 Credit coins with Archduke Norris' face on one side.
- Four more dice (black, yellow, white and red)
- One patent of nobility card for my primary char Sir Tarlon Rhaan, stating a Knighthood on Gerim/Caledon/Reavers Deep, another entry on Gerim
- One Travellers Aid Society Card for my primary char Tarlon Rhaan issued on Kiwhi//Antares
- One Traveler 5 Core Rules CD-ROM
- One JTAS CD-ROM (Option)
- One 656 page hard cover Traveller 5 Core Rules book signed by Marc Miller

The coins feel like coins, not quite up to the heaviness of a 50 euro cent coin, but feeling considerably more valuable than former GDR currency coins. The dice are heavy and portray a good quality look and feel.

The cards are nice, much like bonus cards from the local store. The CD-ROMs and Book are retail quality. All in all I'm happy with what I've got.

If you ever wondered how to pack 17 dice into a box designed for 16, this is how I packed my dice box.

The Kickstarter Backer's Deckplan Set

Update: 3rd April 2014

Yesterday the postman handed a large envelope from FFE over. My Traveller Deckplans have arrived. Yay! When Marc informed the KS-Backers that there is an option to upgrade to the full set, I did just that. Unfortunately I did it twice (no idea where I had my head that day).

So I wrote Marc a little note to tell him to pack in a few dice or coins or nobility cards at his discretion if he wanted to opt not to refund but to compensate by other means. So my latest package contained:

- One full Traveller 5 Deckplan Set consisting of five ship plans plus a map of the spinward marches.
- Three more dice. One red, one yellow plus one Christmas Edition white die.
- One 25 Cr. coin with Archduke Norris head embossed on one side.
- One Patent of Nobility Card for the title **Knight of Deneb** issued for 2801 MacDermont D200768-8. Nice.
- One Patent of Nobility Card for the title **Marquis MacDermont** issued for 2801 MacDermont D200768-8, that same world in the Trojan Reach Sector (Gazulin Subsector). Very cool.
- One Patent of Nobility Card for the title Knight of the Third Imperium issued for Spin 2715 Porozlo A867A74-B in the Spinward Marches Sector (Rhylanor Subsector), a high population world adjacent to Rhylanor itself. Cool.
